

## **Forest Farmer Assistance Application**

The 2022-2023 Forest Farmer Assistance Program is an initiative funded by the Appalachian Beginning Forest Farmer Coalition (ABFFC) and the Edwards Mother Earth Foundation (EMEF). It is managed by Virginia Tech University in partnership with North Carolina State University, Appalachian Sustainable Development, Rural Action, Yew Mountain Center, and the Organic Growers School. The program provides direct financial support and technical assistance to forest farmers.

The program anticipates funding forest farming projects (intentional cultivation of non-timber forest products such as woodland botanicals, alternative shrub and tree crops, and mushrooms underneath a forest canopy) between ¼ and 1 acre for planting and up to 3 acres for site preparation to support future planting. General guidelines for forest farmer assistance are as follows, but may vary based upon demonstrated need:

**Up to \$1,000 per ¼-acre of planting and up to \$500 per acre for site preparation**  
**Anticipated average project size = 2 - 3 total acres of planting and site preparation**

Farmers who receive support must be willing to share successes and lessons-learned onsite with other farmers. Minority, female, Indigenous, LGBTQ+, and/or socially disadvantaged farmers are highly encouraged to apply. Forest Farmer assistance is available to producers in Ohio, West Virginia, Virginia, North Carolina, Tennessee, Kentucky.

Applications will be accepted at any time following the release of this announcement. A first round of projects will be identified on or about June 15, 2022, followed by applicant consultation and site assessment. If the proposed project is deemed feasible, funding will be provided at a rate suitable to support completion. Unfunded applications will be retained in the review pool until program funds are exhausted. Direct questions to John Munsell at Virginia Tech ([jfmunsel@vt.edu](mailto:jfmunsel@vt.edu)). If applicants do not wish to submit online, applications can also be emailed or mailed to:

**Application Form** (This application consists of 4 sections and 1 budget worksheet)

**Section 1 – Contact Information**

Name \_\_\_\_\_

Home Address \_\_\_\_\_

Town/City \_\_\_\_\_

State \_\_\_\_\_

Zip Code \_\_\_\_\_

Phone number \_\_\_\_\_

Email address \_\_\_\_\_

Farm Name (if applicable) \_\_\_\_\_

Farm Address (if different from home) \_\_\_\_\_

Town/City \_\_\_\_\_

State \_\_\_\_\_

Zip Code \_\_\_\_\_

## Section 2 – Forest Farm Project Information (10 questions)

For the purposes of this application, **Forest Farming** is defined as the intentional cultivation of non-timber forest products underneath a forest canopy. Examples include woodland botanicals such as ginseng, goldenseal, black cohosh, and ramps, as well as mushrooms like shiitake or lion’s mane, decorative plants, tree sap, and woody species grown for purposes other than timber production. Funds may be used to prepare sites, purchase planting stock, acquire and install crop protection, rent equipment, and pay contractors. Funding will not be provided to pay for producer time, purchase land, or to buy large equipment (e.g., augers, all-terrain vehicles, tillers). Learn more about forest farming at the Appalachian Beginning Forest Farmer Coalition webpage:

<https://www.appalachianforestfarmers.org/>.

Answer the following questions to the best of your ability.

1. Why do you want to apply for forest farming funding? (Check all that apply)

- Crop/farm diversification
- Enhanced biodiversity
- Supplemental income
- Part of a business
- Restoration of a degraded site
- Erosion control
- Bridge crop between timber harvests
- Other, please explain below

---

---

---

---

2. Do you currently farm non-timber forest products underneath a forest canopy? (check only one)

Yes  No

### **Section 3 – Peer-to-Peer Learning Commitment**

EMEF/ABFFC financial assistance recipients will join a peer-to-peer demonstration network known as an Agroforestry Regional Knowledge (ARK) Exchange. If you are selected to receive EMEF/ABFFC assistance and accept funding, you must agree to share your successes and lessons learned at least once with other farmers in the ARK Exchange. You may not be asked to host or present to a group of farmers, but agreeing to do so if asked is necessary to receive funding.

Are you and your farm willing to be part of the ARK Exchange should you be selected to receive EMEF/ABFFC financial assistance?

Yes       No

**Section 4 – Background Information** (7 questions)

1. Approximately how much of your work-week is currently spent farming crops and/or raising livestock? (check only one)

- 0-10%       10-20%       20-30%       30-40%  
 40-50%       50-60%       60-70%       70-80%  
 80-90%       90-100%

2. Approximately how much of your current annual income comes from farming crops and/or or raising livestock? (check only one)

- 0-10%       10-20%       20-30%       30-40%  
 40-50%       50-60%       60-70%       70-80%  
 80-90%       90-100%

3. What was your household's total income before taxes in 2021? (check only one)

- Less than \$10,000       \$10,000-\$19,999       \$20,000-\$29,999  
 \$30,000-\$44,999       \$45,000-\$59,999       \$60,000-\$74,999  
 \$75,000-\$99,999       \$100,000-\$149,999       \$150,000 or more

4. Do you lease the forestland you manage? (check only one)

- Yes       No

If yes, for how long is your current rental arrangement? \_\_\_\_\_ Years

5. How do you identify? (check only one)

- Male       Female       Neither Male nor Female       Prefer Not to Answer

6. What is your race/ethnicity? (check all that apply)

- White       Hispanic/Latino       Black/African American       Native  
 American Indian       Asian       Native Hawaiian or Pacific Islander       Prefer Not  
to Answer

7. Are you lesbian, gay, bisexual, or transgender? (check only one)

Yes       No       Prefer Not to Answer

## **Appendix – Supporting Documents**

Provide a realistic estimated budget based on the cost structure and time frame of the proposed project. Include on-farm items and supplies needed (e.g., planting stock, spawn, tools, equipment, rental and contractor fees, etc.). Also estimate the amount of time you will dedicate to the project and indicate an anticipated calendar and timeline of events. Use the time-budget worksheet to provide this information.

Attach at least three digital pictures from different angles of the site where you would like to establish forest farming. Take pictures that demonstrate key features. Provide a short description of each picture and annotate or mark it to highlight important places and site conditions.

### **Optional Information**

You may attach no more than 3 supporting documents (not pictures) to your application, such as annotated maps or aerial imagery, existing planning documents, business plans, farm newsletters, promotional videos, product lists, and website links.
